## Select Wildflowers in the DiCienzo Family's Marcy Woods

White Trillium

Red Trillium

Red Trillium- pink form

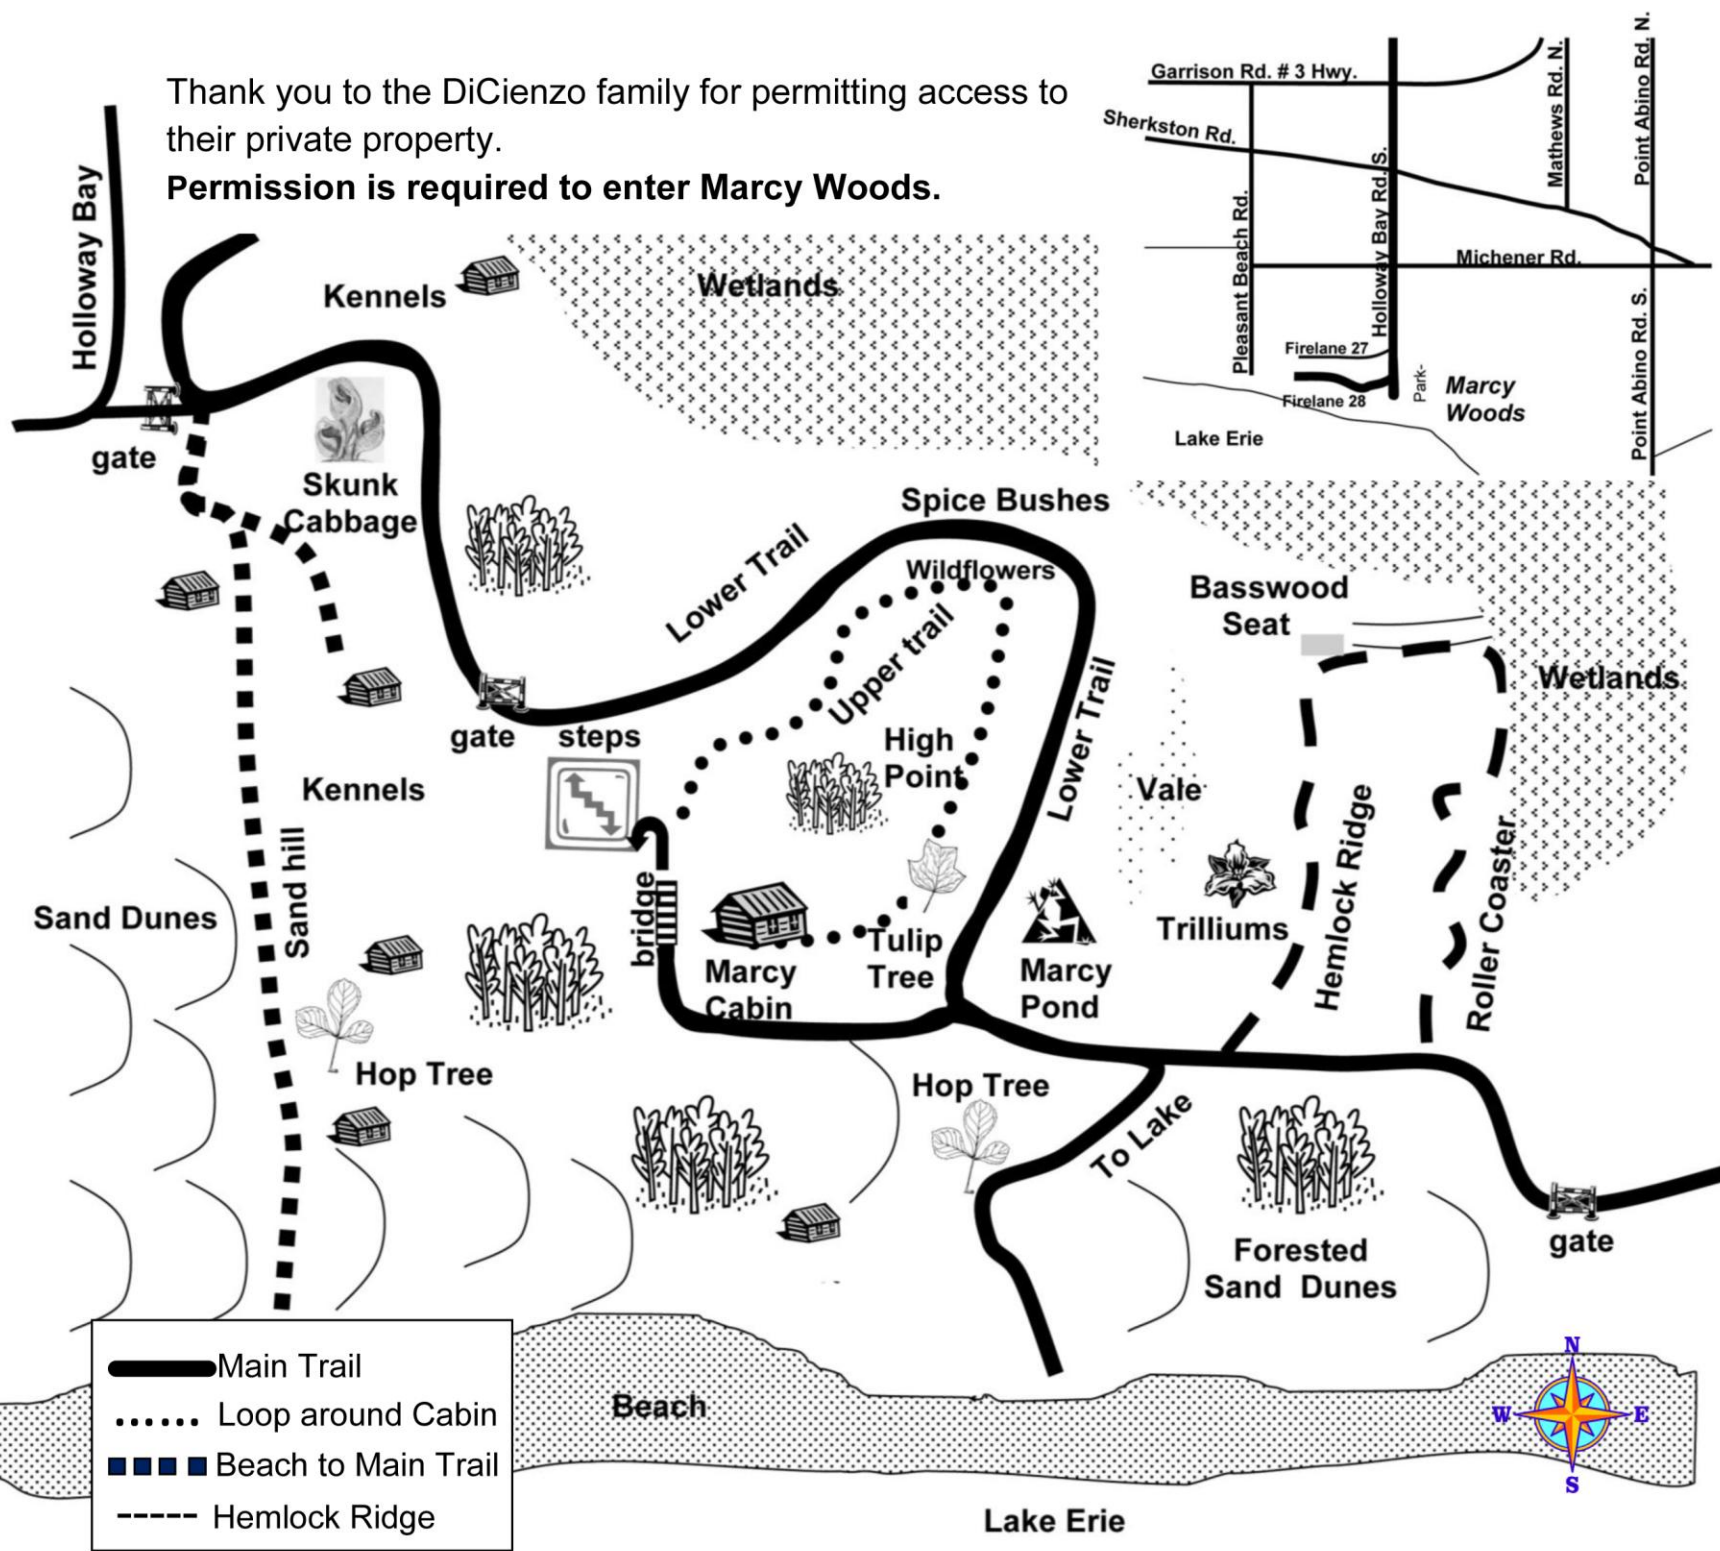

Red Trillium- yellow form

- Trillium Trivia**
1. White trilliums turn pink as they fade.
  2. A virus causes a white and green flowered form.
  3. Ants spread Trillium seeds.
  4. Red Trilliums vary from cream to yellow to pink and also white. (Natural Heritage Information Centre)
  5. How rare - A Trillium with 4 leaves and 4 petals!
